WANTS TO KNOW OF AGRICULTURAL BOARD MORE OF VETERINARY

Representative S. P. Correa was in a questioning mood this morning and propounded the following questions to the Board of Agriculture and Forestry:

1. Is Dr. J. C. Fitzgerald, V. S., an employee of the Board of Agriculture at present? If so, state by whom appointed, amount of salary and duties, if any.
2. Is Dr. Fitzgerald an American citizen, and was he at the time of his appointment?
3. State how many visits Dr. V. A. Norgard has made to ranches and plantations on islands other than Oahu?
4. State number of times each plantation and ranch was visited, giving names of plantations and ranches, also dates of each and every visit.
5. Were all these visits official and by order of the Board?
6. By whom were his expenses paid?
7. Were any of the visits made at the request of an individual member of the Board?

NO MORE PILIKIA

(Continued from Page 1.)

A communication from the Senate was read stating that conference committee consisting of Smith, Haynes and Knudsen had been appointed on House Bill 163. A similar committee, consisting of Bennett, McCarthy and Cosello, had been appointed on House Bill 162. The speaker announced that the House conference committee on these bills had already been appointed.

The Finance Committee reported on House Bill 187, the general license bill, which imposed a license on nearly all lines of business carried on in Honolulu, recommending that it pass with two amendments. One of these strikes out the words imposing a fee of \$5 for every additional chair over two in barber shops. The other reduces the license fee for general customs brokers from \$250 to \$100.

RUSHING HUGHES' BILL.
The House took up consideration of Hughes' House Bill 296, which was yesterday made a special order for today. The bill had been referred to the Printing Committee with instructions to have typewritten copies made of it so it could come up for second reading today. But Quinn, chairman of the Printing Committee, said he had not received the bill and there were no copies.

The speaker said this was apparently an oversight on the part of the clerk. This necessitated special action in the shape of a motion to reconsider the motion consigning the bill to the Printing Committee. This carried and it was then moved that the bill be read through, which was done. Nakaleka moved that the bill pass second reading. Carried, and the bill was placed on the calendar for special order of the day tomorrow.

TO RELIEVE MAHUKA.
Hughes introduced a bill for the relief of Wm. M. Mahuka, directing the Governor to deliver to him a deed for certain land at Kamaele, Honolulu. Passed first reading.

VETO SUSTAINED.
At 10 o'clock the House took up consideration of the Governor's veto of House Bill 123, prohibiting any person from holding two offices, elective or appointive, at the same time. Quinn moved the veto be sustained. Moanau, the introducer of the bill, said the object of the bill was to keep one man from getting more than one salary. He said he anticipated that those affected by the act would resort to the Supreme Court and he gave it as his opinion that the Court would sustain the good part of the law and throw out the rest.

Rawlins declared his intention of voting to sustain the Governor's veto, even if he had voted for the bill originally. "I have the right," he said, "to change my mind."

Coney said he thought this one of the times when the Governor is right, and thought the veto should be sustained. The veto was sustained by a vote of 17 to 10.

ACTION DEFERRED.
House Bill 164, giving to C. B. Wells, G. H. Robertson, M. P. Robinson, D. H. Case and Henry B. Penhallow, the right for 35 years to manufacture and sell electric light and power on the island of Maui, came up for third reading. Action was deferred until Thursday.

Senate Bill 64, practically the same bill, was similarly treated.

SECOND READING.

The following bills were carried through second reading:

House Bill 188, transferring to the High Sheriff the duties and powers now imposed by law upon the Superintendent of Public Works regarding the construction, repair and maintenance of jails, etc.

House Bill 191, relating to the sale at public auction of awa licenses.

LANDS COMMITTEE REPORTS.
The Lands Committee reported on House Petition 45, from guards and nurses of the Insane Asylum, asking for a raise in their salaries, recommending that it be tabled to be considered with the salary appropriation bill. The report was adopted.

The same committee reported on (Continued on Page 5.)

FULL TIME SERVICE EXPECTED OF TEACHERS IN PUBLIC SCHOOLS

Commissioners of Public Instruction Outline Policy on Leave of Absence—Other Business Transacted

The Commissioners of Public Instruction at their session yesterday settled the much-vexed question of the principalship of the Lahaina school and laid down a general rule against promiscuously granting leave of absence except under most extraordinary circumstances.

The principal's place at Lahaina was not an easy one to fill. Mrs. Gannon had been appointed temporarily to fill out the term just closed. Miss Hadley was appointed by the Board. Superintendent Habbitt noting his disapproval, for the coming term, which closes the school year. The change was not due to any criticism of Mrs. Gannon, nor did Habbitt dissent on account of serious objection to Miss Hadley. The Board thought that Miss Hadley, being next in line of promotion when Principal Dickinson died, she should at least have a trial. Habbitt felt that the officers of the Board should be supported, and they had reported in favor of another principal.

Later in the meeting the matter of granting leave of absence in order that a teacher might go to the Coast before the ending of the term came up for discussion. The Board was unanimous in supporting the Superintendent's position that the teachers are employed for a definite period and should fill the time to the last day. Only in exceptionally serious cases should a leave be granted.

The routine business of the meeting included several changes in the teaching force, as the Superintendent had been unable to secure a meeting of the Teacher's Committee during the week.

The resignation of Eli Snyder at Kaili-uka was accepted and Mr. Franca, who is attending the Normal School, appointed in his place. The resignation of Florence Rathburn at Kona was accepted.

Mabel Wilcox having resigned the position of school agent for Lihue, Kauai, Digby Sloggett was appointed in her place.

W. G. Ashley resigned the school agency for Ewa, Oahu, but no appointment was made, and the work for the time being will be done by Mr. Cox, the Honolulu school agent.

A life certificate was granted to Mrs. Carpenter.

Mrs. Ella Christian was granted a leave of absence on account of ill-health. The leave of Miss Lewa K. Ioka, also in poor health, was extended. Mrs. Mary A. Lee of Alea was granted a leave for like reason.

Some queries regarding the teaching staff at the Royal School and Kaahumanu School, put by Senator McCarthy, were turned over to Commissioner Farrington to answer.

Superintendent Habbitt reported that the material on the old Fort street school premises had been sold for \$225.

Miss Swenson was appointed to take the place of Mrs. Lee at Alea and Miss Waitz to the place of Miss Swenson at Moiliili until the end of the present school year, when the new appointments are made.

Commissioner Dodge reported having made a trip to Wailuku, where he called at the school of which Mrs. Churchill is principal. He found the work going on well, but the care of the yard would go forward much better if the school were allowed a few feet of water pipe. Superintendent Habbitt reported that there was not five cents in the treasury for such items and it will be necessary to wait for the next appropriation bill.

Commissioner Mrs. Dowsett reported on a visit she made to Kailua School, of which Mrs. Fraser is principal. She spoke in the highest terms of the discipline of the school and everything that she saw and heard. She asked the other Commissioners to visit the school, if for no other reason, to show their appreciation of the excellent work being done by Mrs. Fraser and her assistants.

ANOTHER EXECUTIVE OFFICER IN VIEW

Representative Rawlins introduced a bill in the House today reorganizing the Board of Commissioners of Agriculture and Forestry. It passed first reading.

The feature of the bill is the providing of a job for somebody, it being specified that the president of the board shall receive such pay as may be authorized by the Legislature. The president assumes the duties and powers now vested in the Superintendent of Public Works, and he becomes the executive officer of the Board.

\$3000 INCREASE IN FINES OF PAST THREE MONTHS

County Sheriff Lauka is hard at work preparing his first quarterly report for submission to the Board of Supervisors. The report will be a very complete one and should be very interesting reading. An unexpected fact which will be found is that there were less arrests made for gambling in the first three months of the present year than for the corresponding period of last year. There were, however, 95 more convictions obtained.

The report will also show that the increase of fines and costs imposed upon conviction is 82 per cent or \$2000 greater for the last three months than it was for the first three months of 1934.

EASTER AT WAILUKU

(Special to the Bulletin.)

Wailuku, Maui, April 6.—Easter services were well attended in all the churches in Wailuku. The Roman Catholic church was crowded to its capacity and special Easter music was rendered by the choir. The little church of the Good Shepherd was most exquisitely decorated with potted ferns and palms and apostles' calla lilies from Mrs. J. H. Raymond's Ulu-palaka home. Rev. Canon Wm. Ault preached a special Easter sermon taken from II Tim. 1:10: "Our Savior Christ Hath Abolished Death." A special quartet sang very effectively the anthem "Ye Choirs of New Jerusalem." The quartet was composed of Mrs. Hock (soprano), Mrs. Phantom (alto), Rev. Ault (tenor), and Mr. Wm. Leuter (bass). C. W. Lufkin played soft accompaniments on his cornet during the singing of the hymns. The church was filled almost to overflowing. The offertory amounted to \$139 which will go towards wiping out the debt of the pastor's home.

During the evening, Rev. R. B. Dodge delivered an Easter sermon at the Foreign Union Church which was very largely attended.

PICTURED LECTURE AT ST. LOUIS COLLEGE

The illustrated lecture on "Rome" given at the St. Louis College hall last night was very impressive, made more so by the additional services of stereopticon views thrown upon a large screen and illustrating each feature of the lecture in vivid colors as the lecturer, Dr. Charles A. Payne, proceeded.

The lecturer, who was in San Francisco at the time when earthquake and fire destroyed that city, prefaced the lecture proper with some views of the above-mentioned city before, at the time of conflagration and after the disaster.

These were followed by views of ancient Rome, accompanied by an instructive lecture, and told a simple every-day logic that could be understood and enjoyed by all.

For the limited space of time between announcement and lecture, the crowd which attended was wonderful. Jas. L. Holt, president of St. Louis Alumni Association, assisted by Manuel Cook, Wm. Ellis, J. A. Thompson and Chas. K. Rose, received the guests at the hall-door and conducted them to seats.

During the lecture Bro. Francis rendered appropriate music.

President Holt stated that if the Sierra did not arrive before Saturday night Dr. Payne would repeat the lecture at the Opera House or at the College.

DR. KOBAYASHI AT KAILUKU

(Special to the Bulletin.)
Wailuku, Maui, April 6.—Dr. T. Kuriaki of Wailuku left by the Mauna Loa last Monday for Honolulu en route to his home in Japan. Dr. Kobayashi, the eminent Honolulu Japanese physician and surgeon arrived in Wailuku last week, with his wife to practice here. He will occupy the quarters lately vacated by Dr. Kuriaki.

Prescribed and Endorsed by a Temperance Doctor

Dr. T. P. Palmer, Rives, Tenn., heartily endorses Duffy's Pure Malt Whiskey, the great renewer of youth.

Dr. Palmer, who is a strong temperance man, praises Duffy's Pure Malt Whiskey as a "medicine and for medical use only." He writes:

"I endorse Duffy's Pure Malt Whiskey as a medicine and for medical use and for nothing else. I oppose intemperance and favor all laws that tend toward the suppression of drunkenness."—T. P. Palmer, M. D. Rives Tenn., Aug. 9, 1906.

Dr. Palmer is one of many thousands of doctors throughout the United States, who prescribe Duffy's Pure Malt Whiskey whenever a tonic stimulant is needed.

Duffy's Pure Malt Whiskey

The leading hospitals throughout the world use Duffy's Pure Malt Whiskey as the only alcoholic medicine for convalescents.

If you wish to keep strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions, and take no other medicine. It is dangerous to fill your system with drugs. They poison the body and depress the heart, while Duffy's Pure Malt Whiskey tones and strengthens the heart action and purifies the entire system. It is recognized as a medicine everywhere. Duffy's Pure Malt Whiskey has been analyzed and tested by chemists for the past fifty years, and has always been found absolutely pure and to contain great medicinal properties.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the one absolutely pure medicinal whiskey and is sold only in sealed bottles—never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price, \$1.00. Illustrated medical booklet and doctor's advice free. Duffy's Pure Malt Whiskey Co., Rochester, N. Y.
